119TH CONGRESS 1ST SESSION	S. RES.	
	for the designation of ostate Cancer Awaren	September 2025 as "National ness Month".

IN THE SENATE OF THE UNITED STATES

Mr.	Crapo	(for	${\bf himself}$	and	Mr.	BOOKER)	submitted	the	following	resolution	1;
	which	was	s referre	d to	the	Committee	e on				

RESOLUTION

- Expressing support for the designation of September 2025 as "National Prostate Cancer Awareness Month".
- Whereas more than 3,300,000 men are living with prostate cancer in the United States;
- Whereas 1 in 8 men in the United States will be diagnosed with prostate cancer in their lifetimes and 1 in 41 men in the United States will die from prostate cancer;
- Whereas prostate cancer is the most commonly diagnosed non-skin cancer and the second-leading cause of cancerrelated deaths among men in the United States;
- Whereas the American Cancer Society estimates that, in 2025, 313,780 men will be diagnosed with, and more than 35,770 men will die of, prostate cancer;

- Whereas 35 percent of newly diagnosed prostate cancer cases occur in men under the age of 65;
- Whereas the odds of developing prostate cancer rise rapidly after age 50;
- Whereas having a father or brother with prostate cancer more than doubles the risk of a man developing prostate cancer, with a higher risk for men who have a brother with the disease and the highest risk for men with several affected relatives;
- Whereas screening by a digital rectal examination and a prostate-specific antigen blood test may be able to detect the disease at an early stage;
- Whereas, when diagnosed with localized- or regional-stage prostate cancer, the survival rate nears 100 percent;
- Whereas only 37 percent of men survive more than 5 years if diagnosed with prostate cancer after the cancer has metastasized;
- Whereas there are typically no noticeable symptoms of prostate cancer in the early stages, making discussions with a doctor regarding appropriate screening critical;
- Whereas, in fiscal year 2025, Congress appropriated \$48,551,000,000 to the National Institutes of Health, including \$7,220,000,000 for the National Cancer Institute;
- Whereas, in fiscal year 2025, Congress appropriated \$75,000,000 for the Prostate Cancer Research Program of the Department of Defense;
- Whereas the Department of Veterans Affairs has established 21 Precision Oncology Centers of Excellence in order to

deliver precision oncology services to veterans suffering from prostate cancer;

Whereas ongoing research promises further improvements in prostate cancer prevention, early detection, and treatment; and

Whereas educating individuals in the United States, including health care providers, about prostate cancer and early detection strategies while emphasizing the importance of consultation with a physician regarding the benefits and risks of screening is essential to saving lives and preserving and protecting families: Now, therefore, be it

1	Resolved, That the Senate—
2	(1) expresses support for the designation of
3	"National Prostate Cancer Awareness Month";
4	(2) declares that steps should be taken—
5	(A) to raise awareness about the impor-
6	tance of screening methods for, and treatment
7	of, prostate cancer;
8	(B) to encourage research—
9	(i) to improve screening and treat-
10	ment for prostate cancer;
11	(ii) to discover the causes of prostate
12	cancer; and
13	(iii) to develop a cure for prostate
14	cancer; and
15	(C) to continue to consider ways to im-
16	prove access to, and the quality of, health care

1	services for detecting and treating prostate can-
2	cer; and
3	(3) calls on the people of the United States, in-
4	terest groups, and affected persons—
5	(A) to promote awareness of prostate can-
6	cer;
7	(B) to take an active role in the fight to
8	end the devastating effects of prostate cancer
9	on individuals, families, and the economy; and
10	(C) to observe National Prostate Cancer
11	Awareness Month with appropriate ceremonies
12	and activities.
